RE: Anderson County Water Authority NOI's
W&W Engineering Project # 02-09

Dear Mr. McAdoo:

In 2009, the North Anderson County Utility District (NACUD) and the Anderson County Utility Board (ACUB) merged to form the Anderson County Water Authority (ACWA). The purpose of this letter is to inform you of the merger as well as to rename the facilities as they should appear on the NOI's for Water Treatment Plant Discharge Facilities. The ACWA currently has a total of two NOI's for water treatment plants and one NOI for a waste facility.

The water treatment plant owned by the former Anderson County Utility Board is currently called "WTP #1" in the ACWA and the NOI # is TN0073253. The water treatment plant owned by the former NACUD is currently called "WTP #2" in the ACWA and the NOI # is TN0005576. I am also enclosing a new NOI permit application for what is now WTP #2.

Finally, the former NACUD operated a waste facility called "North Anderson County Utility District, Airshaft Hollow," with a permit # of TN0074071. The name of this facility should be changed to "Anderson County Water Authority, Airshaft Hollow."

Please contact me at (865)-457-9506 if you have any questions regarding this matter and I look forward to your response.

Sincerely,

Larry Clowers
Manager
